Dear Parents and Community Members:

I am pleased to present you with the Annual Education Report (AER) which provides key information on the 2012-2013 educational progress for Hoover Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact me, Julie Linn, Principal of Hoover Elementary School, for assistance.

The AER is available for you to review electronically by visiting the following web site [www.livoniapublicschools.org/hoover](http://www.livoniapublicschools.org/hoover) or you may obtain a copy by contacting the Hoover Elementary School office.

The AER has two major sections to it that are required by state law. The information contained in the first section was compiled by district staff. It presents relevant information about our district, our academic programs, school improvement efforts, two years of results on district developed assessments and nationally norm referenced assessments. It also includes the district's parent involvement policy and specialized programs.

The second section of the report contains information provided by the Michigan Department of Education.

The state has identified some schools with the status of Reward, Focus or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state. Hoover Elementary School has been identified as a Reward School by the Michigan Department of Education.

Based on our achievement data our challenges are in the areas of written language, and fractions in math. Our school has identified underperforming subgroups of students, including: students with disabilities and economically disadvantaged students for whom additional intervention and support is needed in order to increase their proficiency and to close the achievement gap in the targeted areas. In place is a multi-tiered system of support, including the use of the research-based interventions, such as a reading program entitled Leveled Literacy Intervention. In addition, ongoing professional development and dialogue focusing on strategies to support struggling learners takes place regularly. Ongoing analysis of formative assessment to determine the needs of all students, followed by the provision of targeted learning intervention to students in need.

These initiatives are intended to accelerate the student achievement of subgroups, including the state's new Bottom 30%, that are not meeting our school's proficiency targets.

Our collaborative efforts positively impact our school's success and student achievement.

Sincerely,

Julie Linn, Principal

*We invite everyone in our school community to take an active role in bringing this vision to life.*

## MISSION STATEMENT

Each day,  
Our mission at  
Hoover Elementary School  
will provide a  
joyful & engaging  
environment,  
which  
inspires a  
love of  
learning.

## SCHOOL PROFILE

Hoover Elementary School serves 479 students in grades K-4. The principal of Hoover Elementary is Julie Linn, and there were 21 professional teaching staff members and a media specialist.

In addition, there were the following professional support staff: school psychologist, school social worker, Elementary Support Teacher (E.S.T.), speech and language therapist, resource classroom teacher, teacher consultant outreach, occupational and physical therapist, and homebound or hospitalized services.

Assisting all of us in keeping the building operating in an organized manner, keeping the building clean, serving nutritious food, and helping teachers and students are: custodians, secretaries, paraprofessionals, and lunchroom personnel.

***State law requires that we report the following additional information.***

## ASSIGNING PUPILS TO THE SCHOOL

All students were assigned to Hoover Elementary based upon attendance within the geographic boundaries of the school as well as students who transfer in based upon seats available.

## SCHOOL IMPROVEMENT

School improvement is a process in which stakeholders in a school work cooperatively to improve student achievement. The process relies on staff, parents, and students participating in collaborative decision making in formulating and implementing achievement goals. The goals are determined through analysis of student achievement data and survey information. Action plans using proven interventions are developed for each improvement goal and progress toward achievement of the goals is documented annually.

Hoover Elementary is an NCA accredited school, and part of the Livonia Public Schools, a highly qualified NCA accredited school district.

Our school improvement goal for 2012-13 was:

All students will be proficient in math, reading and writing and prepared for the next grade level.

Our school improvement goal for 2011-2012 was:

One hundred percent of students will be proficient in math, reading and writing.

We are very encouraged by the student achievement results from the school-wide literacy initiative and our school writing assessments.

The Livonia Public Schools School District has been awarded the highest level of district accreditation through North Central Association (NCA), which is part of the AdvanceEd International School Accreditation Commission. Through the district accreditation process, Hoover Elementary School also received NCA accreditation. The NCA accreditation process supports and validates individual school improvement efforts.

## **SPECIALIZED SCHOOLS OR PROGRAMS**

At the elementary level, students may be enrolled in Alternative Classrooms for the Academically Talented (ACAT) at Webster Elementary School and special education centers at Buchanan, Cass, Coolidge, Riley, Cooper and Johnson. Preschool special education programs are located at Perrinville Early Childhood Center. Other special education programs are available in western Wayne County for our students with disabilities, based upon their individual needs. A preschool is operated at the Jackson Center. Specific information about these programs is available on the district Web site at [www.livoniapublicschools.org](http://www.livoniapublicschools.org).

## **CORE CURRICULUM**

The core curriculum at Hoover Elementary provides learning experiences in reading, writing, speaking, listening, spelling, handwriting, mathematics, social studies, science, technology, health, physical education, art, vocal music, and enrichment activities. The core curriculum is based on the grade level content expectations (GLCEs) from the Michigan Department of Education.

The goal of education is to provide all learners with a solid foundation of skills, knowledge, and understandings that are necessary for their continual growth and success as students within the school setting and as adults in society. As a result of sound K-12 education based on well defined educational outcomes, a Livonia Public School graduate will:

- Respect self, others, and the environment.
- Communicate effectively.
- Know how to learn and work productively.
- Acquire and process information.
- Use critical and creative thinking to make decisions and solve problems.
- Work and participate independently and cooperatively.
- Acquire a core of understanding and competencies within the content areas.

A copy of the core curriculum may be obtained from the district's Academic Services Department.

## STUDENT ACHIEVEMENT ON DISTRICT DEVELOPED AND NATIONAL ASSESSMENTS

### DISTRICT LITERACY ASSESSMENTS

Students in kindergarten are assessed on a one-on-one basis regularly during the school year to measure progress toward grade-level literacy skills. The following table, Early Literacy Benchmark Assessment - Kindergarten, shows the results of this testing by school and district.

<b>EARLY LITERACY BENCHMARK ASSESSMENT - KINDERGARTEN</b>					
<b>2012-2013</b>	<b>Letter ID</b>	<b>Sound ID</b>	<b>Representing Phonemes with Letters</b>	<b>Rhyme</b>	<b>Reading High Frequency Words</b>

District	97.8%	96.8%	89.1%	96.2%	79.5%

Students in grades 1-4 are assessed using the Fountas and Pinnell Benchmark Assessment System. For students in grades 3-4, this assessment system was in place for the first time during the 2011-2012 school year. Teachers administer running records with comprehension to students one-on-one.

Students in grades 1-2 are assessed a minimum of four times each year. Students in grades 3-4 are assessed a minimum of two times each year. The following table shows the percent of students at each grade level that performed at or above grade level on this assessment.

<b>FOUNTAS AND PINNELL BENCHMARK ASSESSMENTS</b>

Students in grades 2-4 take the Integrated Reading-Writing Assessment once each school year. Second grade students take the assessment in May while students in third and fourth grades take the assessment in January. In reading, this assessment measures students' comprehension skills based on fiction and non-fiction selections. Students also are asked to compose a short writing sample in response to an age-appropriate thematic prompt.

The table below shows the percent of grade 2-4 students demonstrating proficiency with a score of 75% or higher on the reading portion of the assessment. It also shows the percent of students who received an overall writing score of 10 or higher.

### **DISTRICT MATHEMATICS ASSESSMENTS**

Students were assessed in mathematics knowledge twice during the 2011-2012 school year. In February, students in grades K-5 were tested on Grade Level Content Expectations (GLCEs) taught using the *Everyday Mathematics* program during the first half of the year. In May, students in grades K-5 were assessed again on Grade Level Content Expectations taught during the second half of the year using the *Everyday Mathematics* program.

The following data show the percentage of students who were proficient at each grade level on the mid-year (February) mathematics benchmark assessment. The end-of-year (May) results will be reported to next year's teachers and will be used to guide instruction.

## **PARENT TEACHER CONFERENCES**

One of the most important factors of a child's success in school is the involvement of parents or guardians in the educational process. Hoover Elementary has a high degree of parental involvement as 99% of our parents (representing 440 students) attended parent-teacher conferences in 2011-2012 and 2012-2013.

During 2012-2013, 85% of students' families (representing 407 students) were represented at Open House.

## **PARENT INVOLVEMENT**

No Child Left Behind (NCLB) requires the annual dissemination of the district's policy on Parent Involvement.

# **BOARD POLICY**

**IDD(1)**

## **PARENT INVOLVEMENT**

**JUNE 20, 2011**

The Board strongly encourages and welcomes the involvement of parent(s)/guardian(s) in all of the District's educational programs. It is recognized and appreciated that parents/guardians are the "first teachers" of their children, and that their interest and involvement in the education of their children should not diminish once their child enters the schools of the District. Accordingly, the Board directs, by the adoption of this policy, that the administration shall design a program/plan that will encourage parent(s)/guardian(s) participation that may include, but not be limited to: The development and review of instructional materials; input on the ways that the District may better provide parent(s)/guardian(s) with information concerning current laws, regulations, and instructional programs; and District offerings of training programs to instruct parent(s)/guardian(s) how to become more involved in their child's educational programs.

Pursuant to state law, the Superintendent shall provide a copy of the District's Parental Involvement plan to all parents.

The district's Parent Involvement Plan is available on the district's website, which is linked to each school's website.

***The following pages are provided by the Michigan Department of Education and fulfill federal NCLB reporting requirements. These pages cannot be amended, modified or adjusted. They must be included as provided by the state.***

The state assessment data does not include a description of the assessments. Livonia Public Schools has provided the following definitions to assist you in your understanding of the assessments.

**MEAP** assesses mathematics and reading to all third-eighth grade students, writing to all fourth and seventh graders, science to all fifth and eighth graders, and social studies to all sixth and ninth graders. Only mathematics, ELA/reading and science scores are reported in the following pages.

**MI-Access** is Michigan's alternate assessment system, designed for students with cognitive impairments whose IEP (Individualized Educational Program) Team has determined that MEAP assessments, even with accommodations, are not appropriate.

Participation is for students with severe cognitive impairment, or those who function as if they have such impairment.

Supported Independence is for students with moderate cognitive impairment, or those who function as if they have such impairment.

Functional Independence is for students with mild cognitive impairment, or those who function as if they have such impairment.
